Adinolfi Announces Bonding Funds for 103rd District

Projects in Wallingford and Hamden Approved

HARTFORD - State Representative Al Adinolfi (R-Cheshire) today announced that bonded funds were approved in bills passed last night by the General Assembly that would benefit the towns of Wallingford

and Hamden.

In Wallingford, the Sheehan High School Baseball Field renovation project received \$525,000, and the Lyman Hall School received a school construction grant of \$26,417,600. The Quinnipiac Linear Trail pedestrian bridge received \$375,000.

In Hamden the Hamden Middle School received \$54,421,850 in school construction funds, the Hamden school system received \$1,500,000 for environmental remediation, and funds were also appropriated for the acquisition of property for the West Rock Ridge State Park in the amount of \$500,000.

“I am very pleased that the General Assembly approved this bonding package which contains some important things for the people of the 103rd district,” said Representative Adinolfi. “The school funds and park property acquisition will be great additions for the residents of Hamden, and the school funds, ball field improvements, and pedestrian bridge will be a significant improvement for Wallingford. I appreciate all the work many of my colleagues also put in to see these projects become a reality.”
